Tenure type Specific Purpose

Conditions

The water access licence with Reference No 80AL715358 is subject to the following conditions:

Plan conditions

Water sharing plan

NSW Murray Darling Basin Fractured Rock Groundwater Sources

Take of water

MW0631-00001

Water must not be taken under this access licence otherwise than in compliance with the conditions of the nominated water supply work approval.

MW0719-00001

The maximum volume of water that may be taken under this licence in any water year must not exceed a volume equal to:

- (A) the sum of water allocations accrued to the water allocation account for this licence from available water determinations in that year; plus
- (B) the net amount of any water allocations assigned to or from the water allocation account for this access licence under section 71T of the Act; plus
- (C) any water allocations re-credited to the water allocation account for this licence in accordance with section 76 of the Act.

Monitoring and recording

MW0635-00001

The licence holder must record the following in the logbook:

- (vii) the volume of water taken in any water year from 1 July 2011, by comparison to the maximum volume of water permitted to be taken in that water year.

MW0633-00001

The licence holder must record the following in the logbook:

- (i) each date and period of time during which water is taken under this licence;
- (ii) the volume of water taken on that date;
- (iii) the water supply work approval number of the water supply work used to take the water on that date;
- (iv) the purpose or purposes for which the water taken on that date.

MW0639-00001

When directed by the Minister by notice in writing, the licence holder of an access licence that nominates only a metered water supply work with a data logger must keep a logbook in accordance with any requirements that are specified in the notice.

MW0636-00001

The licence holder must produce the logbook to the Minister for inspection, when requested.

MW0632-00001

The licence holder must keep a log book, except where the access licence nominates only a metered work with a data logger. A "logbook" means a written record, kept in hard copy or electronic form, which accurately records all information required to be kept for this licence.

MW0637-00001

The licence holder must retain the information required to be recorded in the logbook for 5 years from the date to which that information relates.

Reporting**MW0831-00001**

The licence holder must notify the Minister, in writing, immediately upon becoming aware of a breach of any condition of this licence. Note: a notification does not authorise a breach, or continuing breach, of a condition of this licence.

Additional conditions**MW0641-00001**

Water allocations remaining in the water allocation account of this access licence cannot be carried over from one water year to the next.

Other conditions

No other conditions applicable

Glossary

available water determination - An Available water determination (AWD) is a water allocation which specifies the amount of water that can be taken during the water year. AWDs are made for each access licence category in each water source. AWDs are defined under the Water Management Act 2000, s. 59.

cease to take - Cease to take conditions means any condition on this approval, or on the access licence under which water is proposed to be taken, that prohibits the taking of water in a particular circumstance.

logbook - A logbook is a document, electronic or hard copy, that records specific required information.

metered water supply work - A metered water supply work is a water supply work fitted with a data logger and a water meter that complies with Australian Standard AS 4747: Meters for non-urban water supply.

water year - A water year starts on 1 July and ends on 30 June in the following year.

General Notes

All conditions on a water access licence require compliance. An appeal to the Land and Environment Court against a decision to impose certain conditions on an approval can be made within 28 days after the date the decision is made. Conditions identified with the first letter "D" are those that can be appealed during the appeal period.

Certain dealings and other matters relating to this water access licence or a holding in this water access licence must be registered in the Access Register in accordance with section 71A of the *Water Management Act 2000*. For information about the Access Register, contact Land and Property Information (<http://www.lpi.nsw.gov.au>).
